

Trash/Garbage Reference Sheet

- Each big blue garbage can holds 96 gallons and recycle bins hold 18 gallons. The blue cans are to be used for normal household garbage and basic yard debris. Recyclables should be placed in the bins. **(That equals 228 gallons of trash weekly per household!)**
- Household garbage should be in bags. Always compact leaves; cut branches into small pieces and break down boxes before placing in receptacles.
- If you need to put an additional receptacle out for branches (no longer than 4') or a couple bags of leaves, set them next to the bin and Progressive will pick up during the normal Tuesday/Friday run. However, if you have more than 2 or 3 bags of yard debris, you will need to call Progressive to schedule a pick-up (727.572.6800).
- You also have the option of the town picking up brush, tree limbs etc. (as long as it can be run through the chipper) for a fee. Information is on our website under DPW; Resolution 12-12.
- For pick-up of furniture/appliances/carpeting (bulky **non-hazardous** items), residents should call Progressive to schedule a special pick-up. There is no additional charge for this.
- Residents/businesses are responsible for all **hazardous waste** - call Pinellas County Solid Waste at 727.464.7500 for information and site locations.
